

TOGETHER WITH ONE ACCORD

EQUIPPING

Prayer:

Loving Lord, you have a purpose and plan for all people. You see who we can become even as we were in our mother's womb. Our lives are planned out for us with purpose and meaning.

Give us teachable spirits for you surround us with revelation, experience, and the means to conform to your image so that we may meet the needs of this present age in your name. You have equipped us to represent you and serve others. Convict us when we become complacent in sharing your love. Instill within us the fervor to teach and train others to be the disciples you would want them to be. In Jesus' name, Amen.

Reflection and Practice

- Think about how God has uniquely gifted you. What are you doing to further develop this giftedness?
- Is there someone you can come along side to encourage them in their giftedness?
